URBAN SPACE DESIGN

SAN GIULIANO MILANESE

AREA P3 – SAN GIULIANO MILANESE

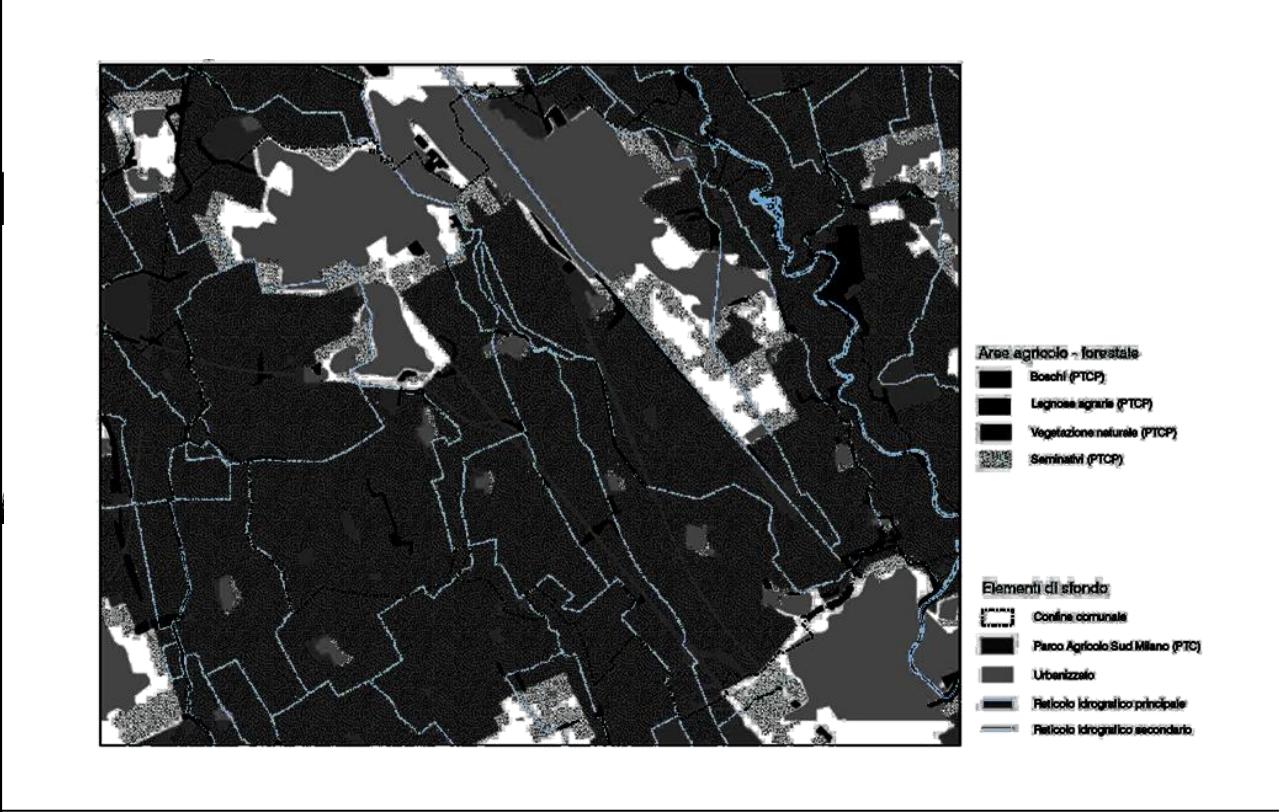

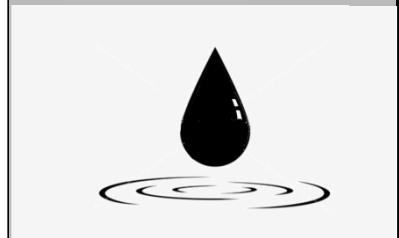

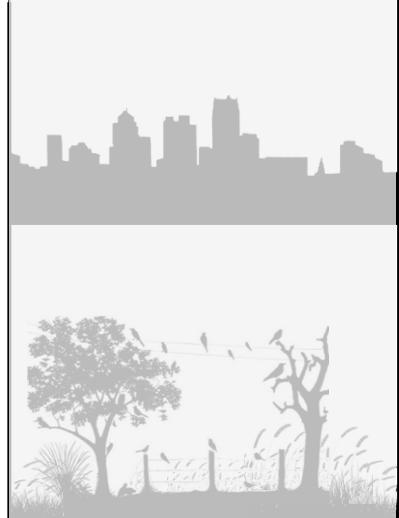

THE CITY

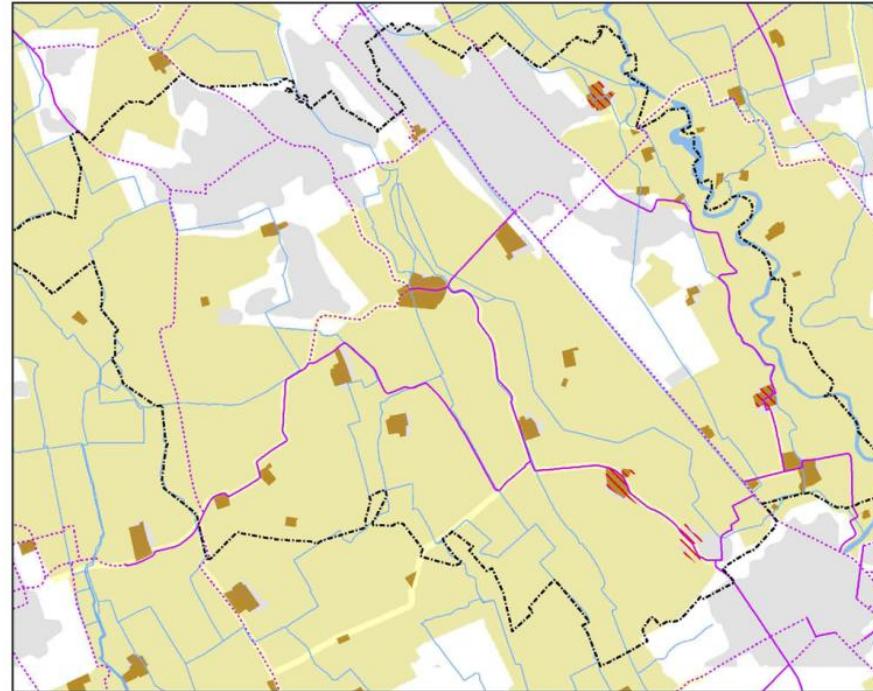

GREEN AREAS

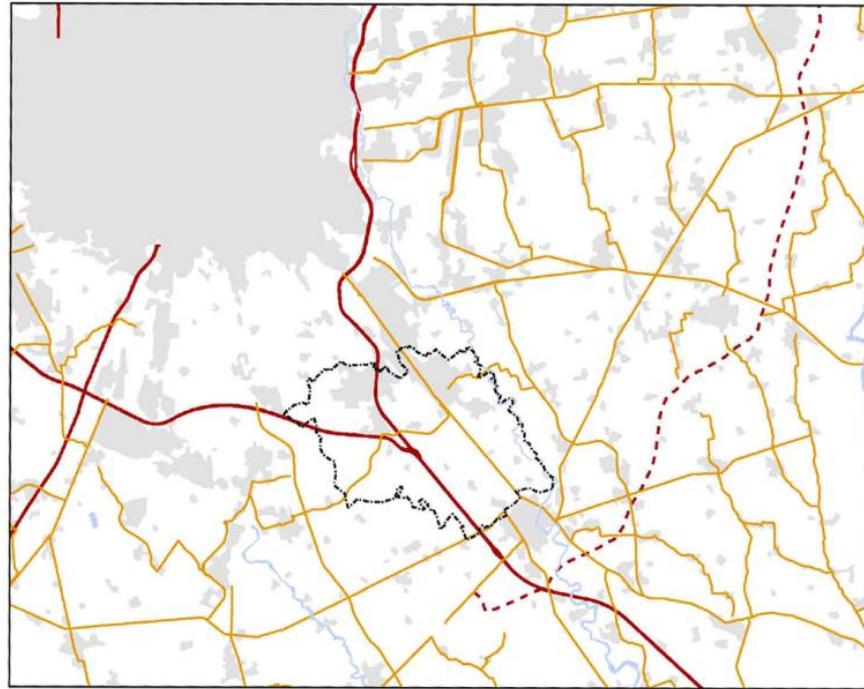

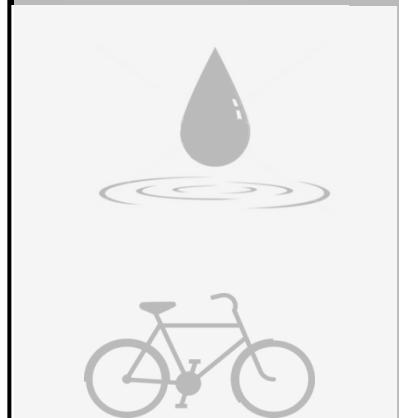

WATER

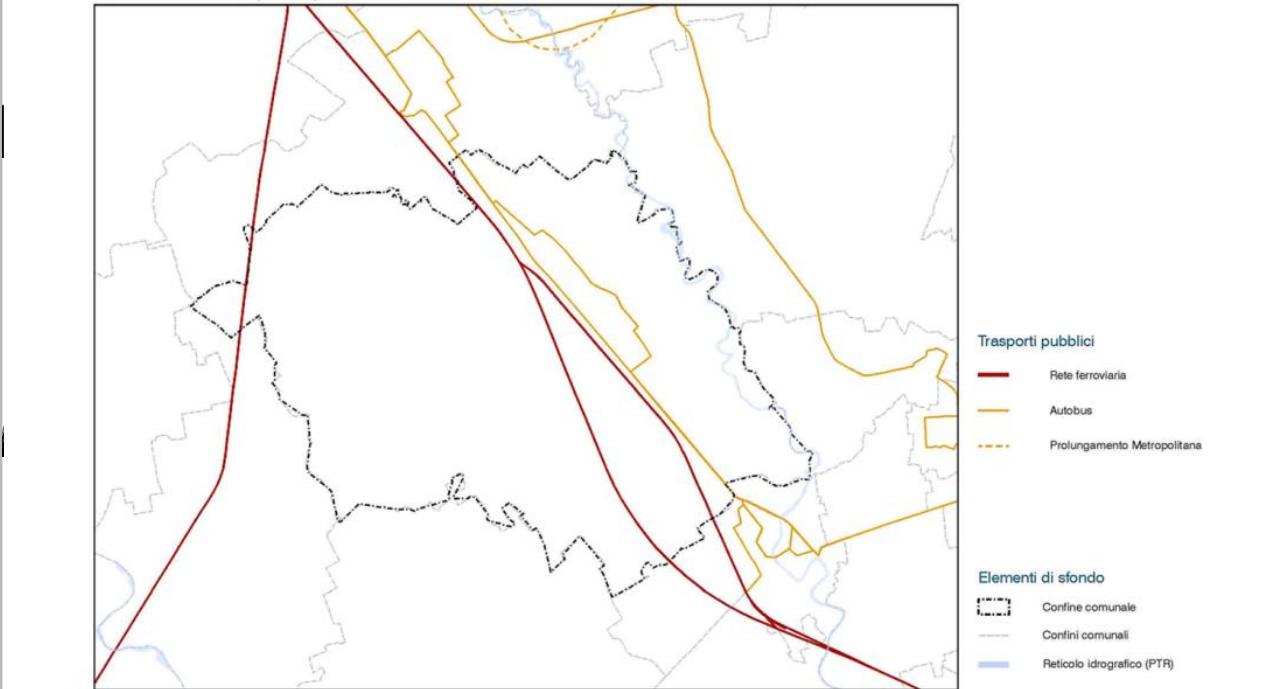

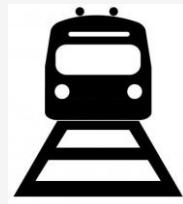

BICYCLE PATHS

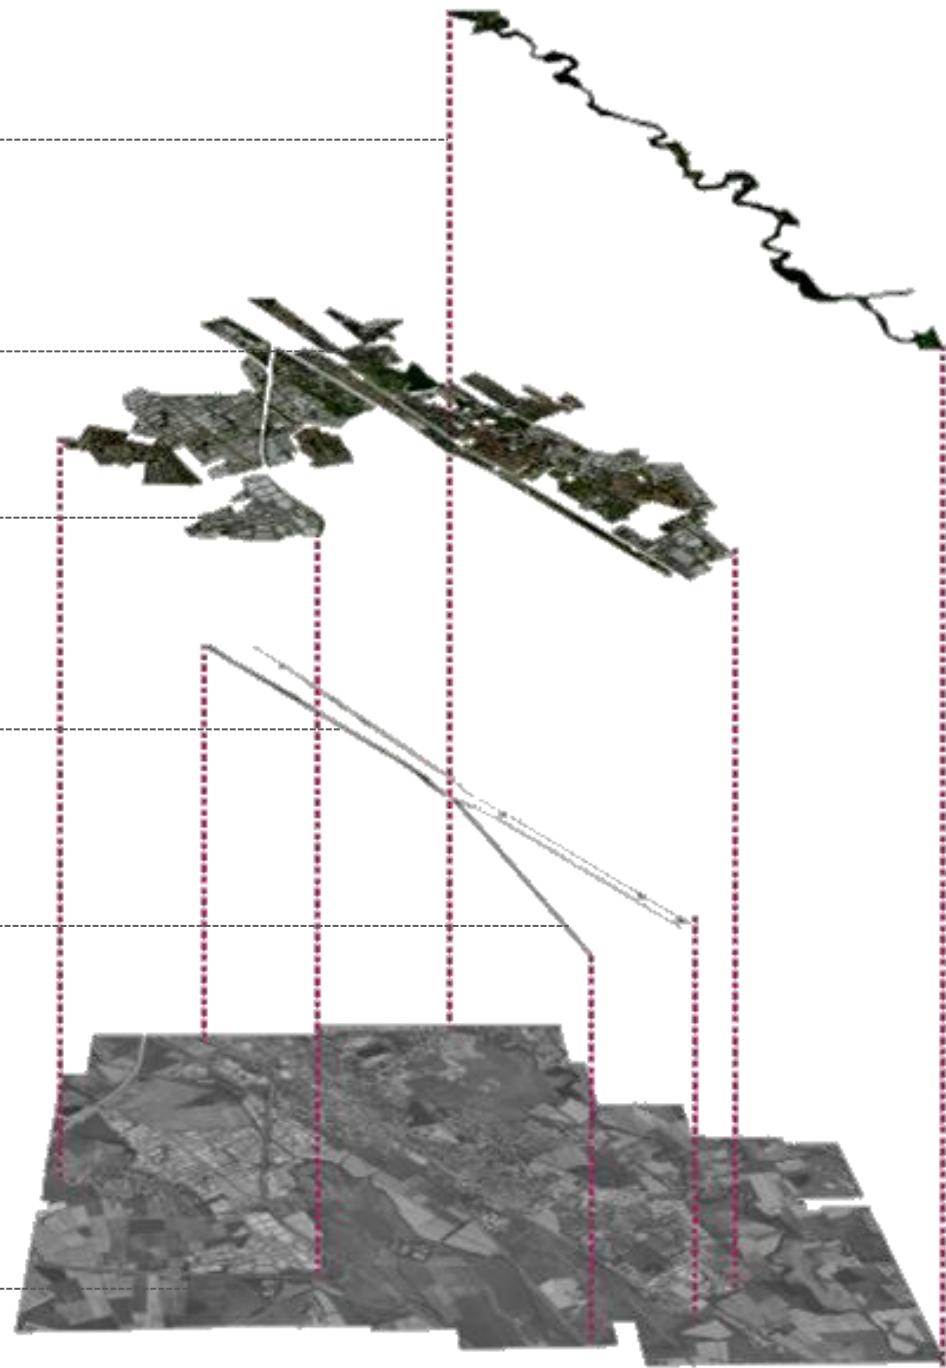

ROADS

TRAIN TRACKS

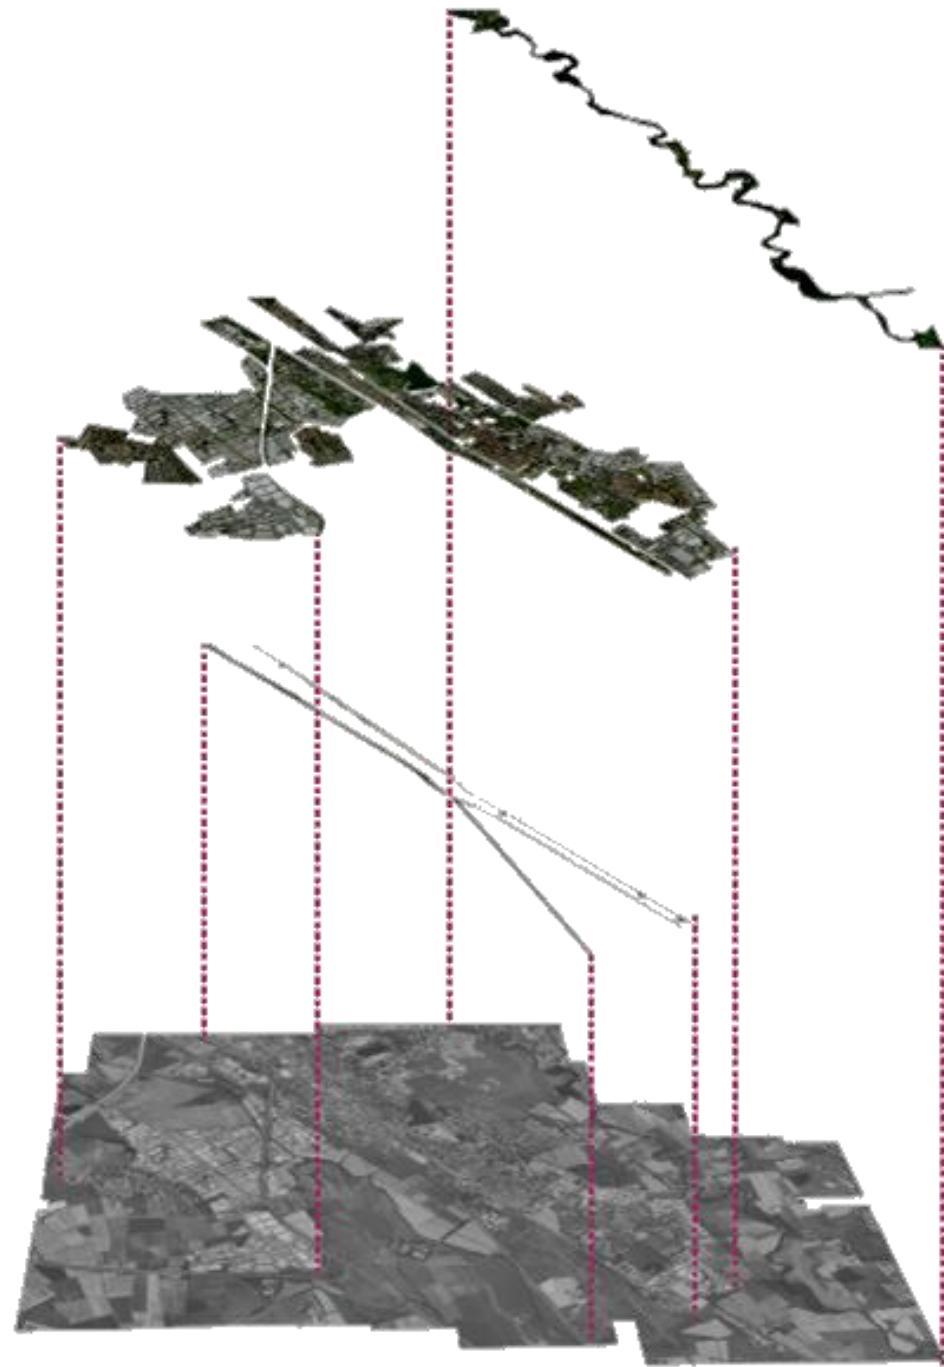

LINEAR DIVISION OF THE AREA

LINEAR DIVISION OF THE AREA

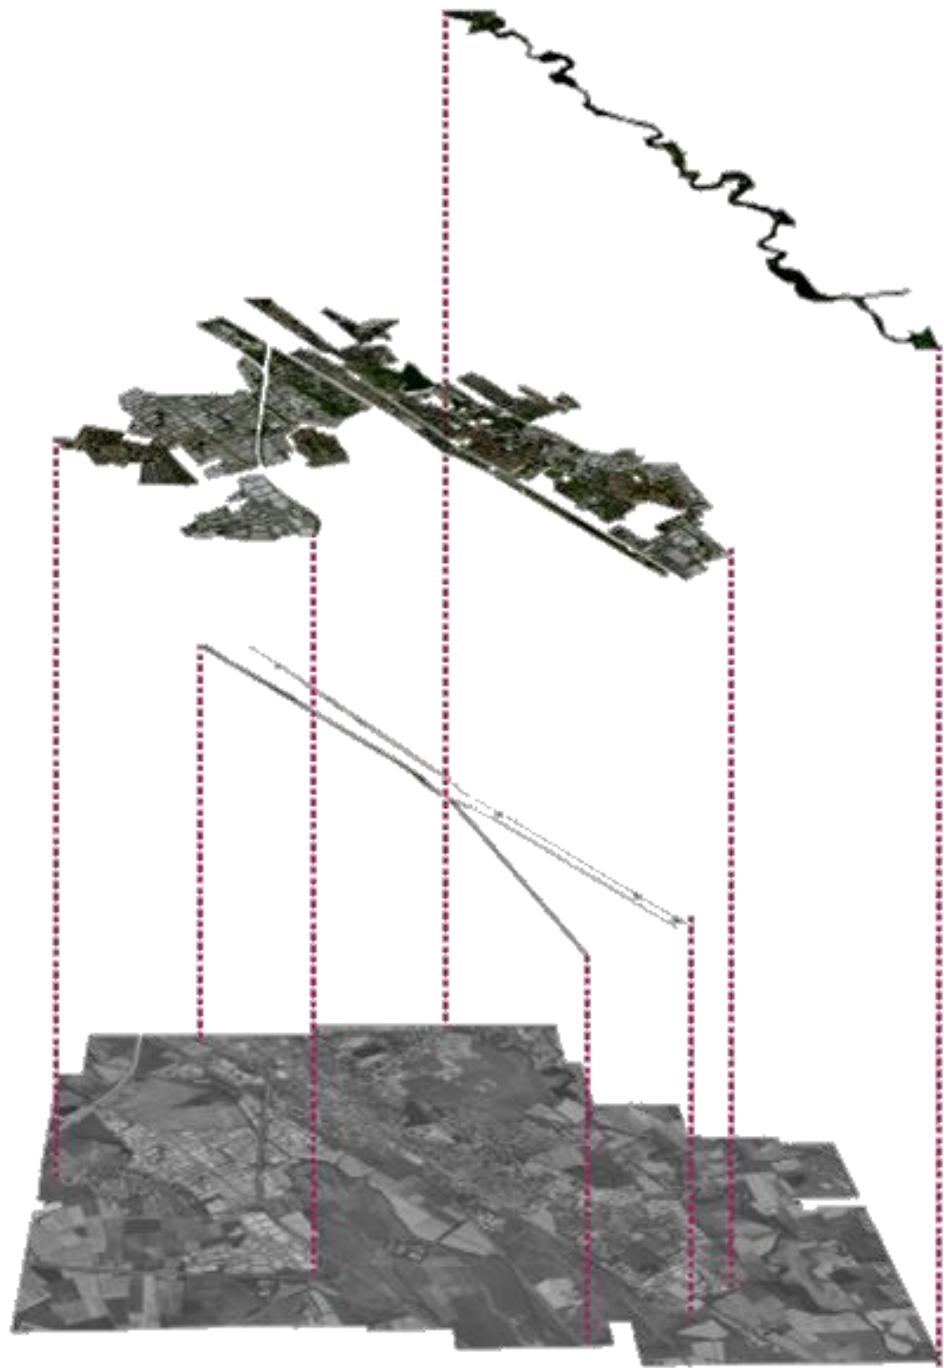

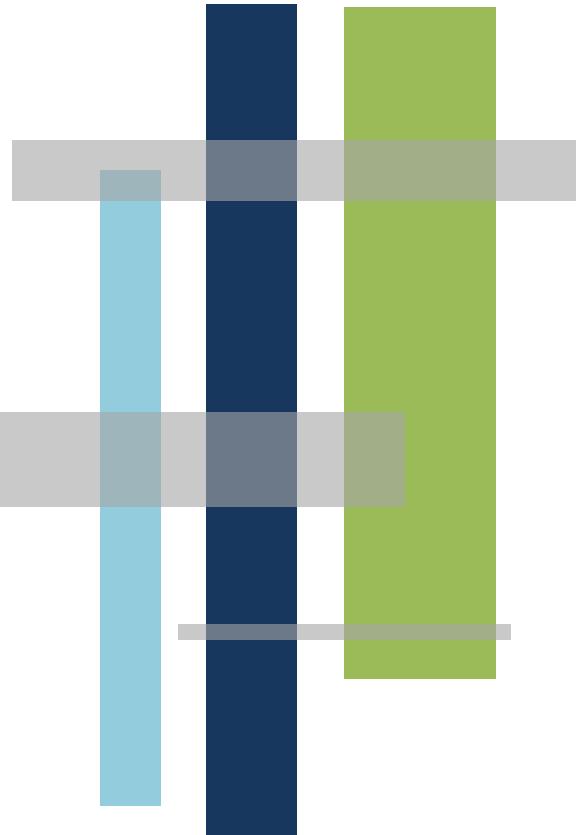

An analysis of the different elements and infrastructure of the town, showed that the river, roads and train tracks create barriers which divide the town into linear areas that do not interact with one another.

LINEAR DIVISION OF THE AREA

The solution presented here will attempt to locate potential areas in order to create connections that will stitch the town together and act as a catalyst for urban regeneration.
